

Coriando's Work for MRO Featured at HIMSS12 Interoperability Showcase

Bala Cynwyd, PA – February 25, 2012 – Coriando is pleased to announce that its client, MRO Corp was selected to demonstrate its esMD Gateway connection to the Centers for Medicare and Medicaid Services (CMS) at the recently completed HIMSS12 Interoperability Showcase at the Venetian Sands Expo Center in Las Vegas, NV.

MRO participated with CMS in a demonstration of the esMD gateway which Coriando was contracted to build for MRO that allows medical record requests from Medicare and Medicaid auditors to be submitted electronically over the Nationwide Health Information Network (NHIN). MRO has submitted more RAC shipments to date via esMD than any other organization, and plans call for maximizing the use of this tool on behalf of their clients.

About MRO Corp

MRO Corp is a market leader for Disclosure Management in healthcare providing electronic release-of-information (ROI), payer audit compliance and tracking, accounting of disclosures (AOD), meaningful use, patient portal and document management solutions. Through a proprietary disclosure management platform and market-specific expertise, MRO facilitates the secure exchange of Protected Health Information (PHI) between the healthcare provider and third-party requesters. MRO is based in King of Prussia, PA.
